## Lighting the skies in remembrance of the fallen

We were honoured to provide temporary power for the Commonwealth War Graves Commission's Shine On remembrance event at Brookwood Military Cemetery.

To commemorate Armistice Day, the skies were lit up above Brookwood, Edinburgh, Cardiff and Plymouth. The event honoured the 1.7 million people from the Commonwealth who gave their lives during the two world wars.

A 100kVA generator was supplied and installed by Woodlands to power the searchlights during this unique event.
