

170kVA Gas Generator

HGP-170 T5 LPG

Key Features

- 170kVA three phase gas generator
- Ultra quiet noise levels compared to diesel engine alternative
- Vast emission reduction compared to diesel engine alternative
- Automatic/Remote start control panel
- Acoustic & weatherproof enclosure
- Fully bundled with isolated tank area
- Gas train for external supply
- Hardwire bus bar connections
- Extended service intervals

Options

- Remote fuel management
- Bulk fuel tank for extended run time
- Socket panel
- Battery charger
- Water jacket heater
- Remote telematics
- Also available in 60Hz frequency
- Optional extended run fuel tanks
- Available in offloadable or trailer mounted options

KEY DATA	
PRIME POWER RATING	167kVA
STANDBY POWER RATING	186kVA
STANDARD VOLTAGE	400/230
FREQUENCY	50Hz
RATED POWER FACTOR	0.8
FUEL TYPE	LPG
AUTONOMY	Ask
FUEL CONSUMPTION (AT 100% PRIME LOAD)	39kg/h
CONTROL PANEL MODEL	DSE7310
SOUND LEVEL	dB(A)@7m 70 ± 2,4
DIMENSIONS	
LENGTH	6.00m
WIDTH	2.10m
HEIGHT	2.39m
WEIGHT WITH LIQUIDS IN RADIATOR AND SUMP	5016kg
