

40kVA Gas Generator

HRGO-40 T5 LPG

Key Features

40kVA three phase gas generator

Ultra quiet noise levels compared to diesel engine alternative

Vast emission reduction compared to diesel engine alternative

Automatic/Remote start control panel

Acoustic & weatherproof enclosure

Fully bundled with isolated tank area

Gas train for external supply

Hardwire bus bar connections

Extended service intervals

KEY DATA	
PRIME POWER RATING	37kVA
STANDBY POWER RATING	41kVA
STANDARD VOLTAGE	400/230
FREQUENCY	50Hz
RATED POWER FACTOR	0.8
FUEL TYPE	LPG
AUTONOMY	Ask
FUEL CONSUMPTION (AT 100% PRIME LOAD)	9kg/h
CONTROL PANEL MODEL	DSE7310
SOUND LEVEL	dB(A)@7m 61 ± 2,4
DIMENSIONS	
LENGTH	2.81m
WIDTH	1.15m
HEIGHT	2.36m
WEIGHT WITH LIQUIDS IN RADIATOR AND SUMP	2,159kg

Options

Remote fuel management

Bulk fuel tank for extended run time

Socket panel

Battery charger

Water jacket heater

Remote telematics

Also available in 60Hz frequency

Optional extended run fuel tanks

Available in offloadable or trailer mounted options
