

740kVA Gas Generator

HGM-740 T5 LPG

Key Features

- 740kVA three phase gas generator
- Ultra quiet noise levels compared to diesel engine alternative
- Vast emission reduction compared to diesel engine alternative
- Automatic/Remote start control panel
- Acoustic & weatherproof enclosure
- Fully bundled with isolated tank area
- Gas train for external supply
- Hardwire bus bar connections
- Extended service intervals

Options

- Remote fuel management
- Bulk fuel tank for extended run time
- Socket panel
- Battery charger
- Water jacket heater
- Remote telematics
- Also available in 60Hz frequency
- Optional extended run fuel tanks
- Available in offloadable or trailer mounted options

KEY DATA	
CONTINUOUS POWER RATING	740kVA
STANDARD VOLTAGE	400/230
FREQUENCY	50Hz
RATED POWER FACTOR	1.00
FUEL TYPE	Natural Gas
AUTONOMY	Ask
FUEL CONSUMPTION (AT 75% COP)	151.8Nm ³ /h
CONTROL PANEL MODEL	DSE8610
SOUND LEVEL	dB(A)@7m 75 ± 2,4
DIMENSIONS	
LENGTH	12.192m
WIDTH	2.438m
HEIGHT	2.896m
WEIGHT WITH LIQUIDS IN RADIATOR AND SUMP	21,206kg
CONTINUOUS POWER RATING	740kVA
