

100kVA Diesel Generator (Stage 5)

HRFW-100 T5 S5

Key Features

- 100kVA 3 phase generator
- Stage 5 emissions compliant
- Available in offload-able or trailer mounted options
- Automatic/remote start control panel
- Acoustic and weatherproof enclosure
- Fully bunded connections for external bulk fuel tank
- Lockable service access doors
- Hardwire bus bar connections
- Extended service intervals

Options

- Remote fuel management
- Bulk fuel tank for extended run time
- Socket panel
- Remote telematics
- Battery charger
- Water jacket heater
- Also available in 60Hz frequency

KEY DATA

PRIME POWER RATING	94kVA
STANDBY POWER RATING	102kVA
STANDARD VOLTAGE	400/230v
FREQUENCY	50Hz
RATED POWER FACTOR	0.8
FUEL TYPE	Diesel
FUEL CAPACITY	450L
FUEL CONSUMPTION @ 70% LOAD	15.6L/Hr*
CONTROL PANEL MODEL	DeepSea
SOUND LEVEL	<65dB @ 7m
LENGTH	2.96m
WIDTH	1.2m
HEIGHT (ON BASE)	1.89m
APPROX. WEIGHT	2171kg

Specification sheets to be used as a guide only and subject to availability of the exact model described. If you require certain specification, please state this at the time of order.

*Figures based on stage 5 usage; standard consumption for Stage 3A is 18L/hr.
