

60kVA Diesel Generator (Stage 5)

HRFW-60 T5 S5

Key Features

- 60kVA 3 phase generator
- Stage 5 emissions compliant
- Available in offload-able or trailer mounted options
- Automatic/remote start control panel
- Acoustic and weatherproof enclosure
- Fully bunded connections for external bulk fuel tank
- Lockable service access doors
- Hardwire bus bar connections
- Extended service intervals

Options

- Remote fuel management
- Bulk fuel tank for extended run time
- Socket panel
- Remote telematics
 - Battery charger
 - Water jacket heater
- Also available in 60Hz frequency

KEY DATA

PRIME POWER RATING	60kVA
STANDBY POWER RATING	60kVA
STANDARD VOLTAGE	400/230v
FREQUENCY	50Hz
RATED POWER FACTOR	0.8
FUEL TYPE	Diesel
FUEL CAPACITY	216L
FUEL CONSUMPTION @ 70% LOAD	9.8L/Hr*
CONTROL PANEL MODEL	DeepSea
SOUND LEVEL	<62dB @ 7m
LENGTH	2.6m
WIDTH	1.11m
HEIGHT (ON BASE)	1.6m
APPROX. WEIGHT	1690kg

Specification sheets to be used as a guide only & subject to availability of the exact model described. If you require certain specification, please state this at the time of order.

*Figures based on Stage 5 usage; standard consumption for Stage 3A is 13L/hr.
